JOSIAH TURNER, Jr., EDITOR.

SWEPSON AND LITTLEFIELD.

The Governor, in his proclamation calling for the presence of his two absent friends, under the authority of the act of the Legislature to restore the credit of the State and facilitate the construction of our Railroads, draws it very mildly. He fails to inform his absent friends of the penalty for non-compliance with the provisions of the act. This is the more reprehensible, as it is hardly possible that his absent friends can become acquainted with these penalties, for we believe committees have been heretofore unable to ferret out their whereabouts, and we cannot suppose that the Governor can be apprised of their present locality, or, as the guardian of the State's honor and interests, he would voluntarily inform the Legislative investigating committees and the suffering officers and employees of the Western Division of the Western North Carolina Railroad. The act is too long for publication here. Suffice to say it requires all Presidents of Railroads in which the State has an interest to make a full statement of the Roads' affairs within twenty days after the notice is served, which is required to be done within five days after its ratification. Those residing out of the State to be notified by advertisement. Hence the notice to Swepson and Littlefield. The ninth section provides that "if the President or other officers of any Railroad Company in which the State is interested, within the provision of the first five sections of this act shall wilfully refuse or fail to comply with the said provisions thereof, every such President or other officer shall be deemed guilty of felony, and upon conviction, shall suffer imprisonment in the State's prison for not less than five years." We give Governor Holden's absent friends the advantage of our circulation to advise them of their danger. It will cause the exiling of these two personages from the State we don't think North Carolina will lose much if we never hear of the seven millions of State bonds supposed to be in their possession.—*Wilmington Journal.*

A STRANGE EPIDEMIC.

An epidemic, classed by the medical profession as the "relapsing fever"—a disease hitherto unknown in the United States—has, within the last two or three months, made its appearance in the city of New York, occurring among the most destitute classes.

Epidemics of the disease have occurred frequently abroad, in Germany, Russia and the British Isles. Like typhus, it is a famine fever, occurring in times of general distress, and attacking, in the first place, the poorest classes of the community. Those who keep up with the medical literature of the day, have noted several months back that this disease had made its appearance in London, and that numerous cases had been there received into the hospitals. Thence it has doubtless been brought, in spite of quarantine regulations, to our own country. The complaint ordinarily begins with a severe chill, followed by the usual phenomena of fever. These continue to increase until after three, four or five, or sometimes six days' copious perspiration terminates the attack. The patient remains free of the fever, though often feeble and ailing. About the fourteenth day from the commencement of the attack, a second chill supervenes, followed by phenomena similar to those of the first attack. Sometimes a second relapse occurs about the twenty first day, and cases are recorded in which a third and even a fourth have been observed. Though during the fever the symptoms are violent and the pulse very frequent, and the temperature high, the disease is attended with comparatively little danger, the mortality commonly not exceeding four or five per cent. It spreads by contagion like other pestilences. When it once becomes epidemic, the cases are by no means confined to the poor and needy.

THE AGE OF OUR WORLD.—Among the astonishing discoveries of modern science, is that of the immense periods that have passed in the gradual formation of the earth So vast were the cycles of the time preceding even the appearance of man on the surface of our globe, that our own period seems as yesterday when compared with the epochs that have gone before it. Had we only the evidence of the deposits of rocks heaped upon each other in regular strata by the accumulated materials, they alone would convince us of the slow maturing of God's works on earth; but when we add to these the successive population of whose life this world has been the theatre and whose remains are hidden in the rocks into which the mud, or soil of whatever kind, on which they lived, has hardened in the course of time—or the enormous chains of mountains whose upheaval divided these periods of quiet accumulation by great convulsions—or the changes of different nature in configurations of our globe, as the sinking of lands beneath the ocean, or the gradual raising of continents and islands above—or the slow growth of the coral reefs, those wonderful sea-walls raised by the little ocean-architects whose own bodies furnish the building stones and the cement that binds them together, and who have worked so busily during the long centuries, that there are extensive countries, mountain chains, islands and long lines of coast consisting solely of the remains—of the countless forests that have grown up, flourished and decayed, to fill the storehouses with coal that feed the fires of the human race if we consider all these records of the past, the intellect fails to grasp a chronology of which our experience furnishes no data, and time that lies behind us seems as much as eternity to our conception, as the future that stretches indefinitely before us.—*Agassiz.*

We learn that a trader named John W. Stills said to be from Watauga county, died quite suddenly a few nights since under unusual circumstances. Passing with his team through Alleghany county, he stopped for the night by the side of a creek to camp. Before retiring to rest, he swallowed a dose of medicine purchased the previous day from a travelling peddler as a specific for rheumatism. In about an hour, his stertorous breathing alarmed his companions, who hastened for medical assistance, but before it arrived the unfortunate man was dead. Mr. Stills was about forty five years of age, and leaves no family.—*Salem Press.*

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to bee seen to be appreciated; thousand of them will find ready sale in every county, no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman-like manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position gives the backward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, *this is a saving of one hand in the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.
P. J. WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my Double Circular Saw Mill, built by you. I can cut a line 14 inches deep, 20 feet long, in 45 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.
Dec 23rd 1869. ALDRIDGE PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

INVESTIGATION.

Since the commencement of the presebt adjourned session of the Legislature, the subject of investigation into alleged frauds and mismanagement on the part of certain officials, has occupied no little of the time and attention of both branches of that body. That frauds and mismanagement exist, there are few will deny; it is almost universally conceded, in the Assembly and out of it, by Republicans and Democrats, that there has been illegal and fraudulent management of our State bonds by those into whose hands they have passed by the unwise and unprecedented legislation on the subject. So palpably plain is this fact that many of the Republican members, those who at first aided in all the legislation which brought about the present condition of affairs, have been forced by the pressure of public sentiment and their own personal regard for decency and propriety, to give their influence to undo, as far as practicable, the mischief that has been done.

We have no means of judging men's motives but by their actions, and when we see men, who although they aided in bringing about the disastrous condition of affairs which must alarm every thinking man to contemplate, now honestly engaged in bringing about a reform, and in undoing what was so unwisely done, we are disposed to give them credit for having meant well, but acting upon a mistaken notion of what was best. We think they should have been more cautious and prudent in the start; it would have saved the State great damage and the members themselves, we verily believe, much regret for their course. But it is never too late to do good; it is never too late to undo the wrong we may have done and we are glad to see that many members of the Republican party, having awaked to the disastrous condition to which the State has been reduced, both in her industrial and financial departments, are now not only willing but anxious to stop the evils that environ us on account of former unwise legislation, and to investigate the frauds and mismanagement that have been so prevalent under that unwise legislation.

But what shall we say or think of those who, notwithstanding the almost universal demand for investigation, and for a change in the management in our Railroad finances, are still disposed to shield the scoundrels who have swindled the State and the people, and to throw obstacles in the way of bringing the swindlers to account and to exposing their actions to the public? Such men there are in the present General Assembly, and it is only necessary to broach the subject of investigation, and propose some plan to make it effectual in accomplishing the object designed, to bring these out and induce them to show their hands. There are men in both Houses of the present General Assembly who have uniformly opposed every proposition to investigate alleged fraud in the management of Railroad bonds, and even now, when a majority of both Houses have admitted, by their action on various occasions, the propriety and necessity of these investigations, these men still continue their efforts to prevent investigation; to retard it; and to screen those who are supposed to be implicated, from public exposure.

On Tuesday last, Mr. Smith, of Wilkes, introduced a resolution in the Senate to stop all farther investigation into alleged Railroad frauds, giving as a reason therefor, the fact that the Senate has passed a bill calling in all the new State bonds!—Suppose the bill shall become a law and the bonds shall be called in—is that any reason investigation should not be had, and fraud and swindling exposed, and the swindlers punished? Besides, suppose the bonds don't come in when called! Glendower could "call spirits from the vasty deep," but we have no record that they came when he called them. The Legislature can call in the bonds, but what evidence has Mr. Smith that the call will be effectual to bring them? Indeed, from the present unknown whereabouts of Littlefield, and the very strong hints contained in an extract we make to day from the Fayetteville *Eagle*, there is ground for strong presumption that some of the bonds may be a little inconvenient to get at when they are called for.

Mr. Smith and his fellow laborers may continue to ridicule, to fight and to cling investigation, but they will never succeed in convincing the people that there is no necessity for it; and so long as they shave it off and keep the curtain down that hides the perpetrators of fraud from the public eye, just so long will that same public include the whole party in the charge of swindling the State, misapplying her bonds and cheating the people; from the Governor all the way down through the gradations to Renfrow and Sinclair in the House of Representatives.

The Legislature may suspend investigation and hide for a while the manipulations of the rogues and rascals that have blasted the credit of the State and bankrupted her treasury; but the day is not far distant when the people will not only investigate this matter, but they will investigate the conduct of those who, by their votes, their quibblings, and parliamentary tricks on the subject, have made themselves accessories after, if they were not before the fact, to the fraud, swindling and rascality that has been, and is now being, perpetrated in the State.

WHAT'S THE MATTER, ANDY?

When the Report of A. J. Jones, Esq., President of the Fayetteville and Western Railroad, was submitted, some days since, we laid aside the paper containing it, for future notice and comment, which we have not yet had time to give it. The Report appeared to us at the time, as a singularly shaped concern, and however plain and satisfactory it may have been to those conversant with the affairs of that corporation, and to the members of the Legislature and Superintendent of Public Works, it really looked to us more like a paper intended to cover up than to reveal the financial condition of the Company, especially in regard to some points on which doubts have been gathering in the public mind.

In the Fayetteville *Eagle* of the 10th inst., we find some allusion to this Report, in which are a number of pertinent inquiries of such immediate bearing on the report, that we copy them for the benefit of President Jones and the information of the Legislature.

A. J. Jones' Report of the W. R. R. rather increases suspicion and mystery as to the management of the road and its funds.—Why were not the accounts audited? Where is the money for the 55 bonds? What brokers gave receipts for the bonds? Has not A. J. Jones deposited the bonds with Utley & Dougherty and other bankers as collateral security for several hundred thousand dollars advanced to him by them? Cannot these bankers show Jones' obligations to return the money advanced before they return said bonds? Did A. J. Jones send $80,000 to Fayetteville now used in banking? Did he send $25,000 to another man as private business? What did A. J. Jones do with $250,000 he had with him in Raleigh last October, and where did he get it, when one year ago he had little or nothing? Why are Davis and Richardson auditors? Did Richardson get $2,000 for voting for A. J. Jones as President, against Byrnes? At recent Directors' meeting when Davis was to be examined as to his defalcation as treasurer of the road, did Jones move to "suspend proceedings" and help Davis for Davis to help him again? What arrangement was to have been made with Sloan &c., by combined movement and co-partnership of bonds &c.?

These are significant questions, but we will await further investigation of Bragg, Phillips, &c., of the committee.

Outsiders have been and are now powerless to prevent plunder and swindle in the affairs of this road. We have ignored rumors and the general expectation of theft, and encouraged the progress of the road. We thought and still think, Jones a better choice than Byrnes, whether honesty or dishonesty prevails. Jones has kept good worthy men employed, and the money has been as useful to one as another, while Byrnes would have used the road, funds and patronage for rigid party purposes, negro superiority and plunder.

After some debate the bill was put on its second reading and failed for the want of a quorum, and was placed upon the calendar.

A message was received from the Senate transmitting various bills; among the rest a bill to repeal certain acts passed at the session of 1868-'69 making appropriations to Railroad Companies.

SPECIAL ORDER.

Bill to repeal certain sections of the Public Laws of 1868 '69, introduced by Mr. Jarvis, (repeals all sections of acts which levies special taxes.)

Mr. Barnett offered a substitute; the same in substance as the Senate bill, with a slight alteration as to vertage.

Various amendments were offered, when Mr. Stilley moved to lay the whole matter on the table.

The yeas and nays were called and the motion to table prevailed by the following ballot:

YEAS.—Messrs. Ashworth, Banner, Barnett, Carson, Cherry, Crawford, Dixon, Eagles, Forkner, Foster, French, Gilbert, Graham, Harris, of Wake, Hayes, Hodgin, Hoffman, Horney, Hudgings, Ingram, Justus, of Henderson, Kelly, of Moore, Kinney, Long, of Chatham, Mayo, McCanless, Moore, of Chowan, Morrill, Morris, Pearson, Price, Renfrow, Reynolds, Sinclair, Simonds, Smith, of Martin, Snipes, Stanton, Stevens, Stilley, Sykes, Vestal, Vest, White, Wilkie, and Wilson.—46.

NAYS.—Messrs. Argo, Armstrong, Barnes, Blair, Boddie, Clayton, Davis, Davidson, Durham, Ellis, Galting, Gilsson, Green, Grier, Harris, of Franklin, Hicks, High, Hinnant, Hodnett, Jarvis, Kelly, of Davie, Kelly, of Moore, Kinney, Leary, Long, of Chatham, Malone, Mayo, McCanless, McMillan, Mendenhall, Moring, Nicholson, Painter, Pearson, Pou, Proffit, Shaver, Siegrist, Smith, of Alleghany, Smith, of Wayne, Thompson, Whitley, and Williams, of Harnett.—36.

On motion of Mr. Barnett, the rules were suspended and the following Senate bill, was taken up.

Section 1. The General Assembly of North Carolina do enact, That all acts passed at the last session of this Legislature making appropriations to Railroad Companies be and the same are hereby repealed; Provided, That the provisions of said acts shall not apply to the North Western North Carolina Railroad.

Sec. 2. That all bonds of the State which have been issued under the said acts now in the hands of any President or other officer of the corporations, be immediately returned to the Treasury.

Sec. 3. That the money in the State Treasury which were collected under the provisions of the acts mentioned in section one of this act are hereby appropriated to the use of the State government, and the Treasurer of the State shall credit the same *pro rata* on the Tax Lists for the next year.

Sec. 4. All laws or clauses of laws coming in conflict with this act are hereby repealed.

Sec. 5. This act shall be in force from and after its ratification.

Mr. Welch moved a substitute for section 2, which provides for the payment of moneys now due to contractors on the Western Division of the Western N. C. R. R. out of the money returned and the balance of the special tax money be placed in the general fund.

Mr Stilley moved to refer the matter to the Finance Committee.

Mr. French opposed the whole matter and pronounced the measure as a republication swindle and moved to lay it on the table.

The yeas and nays being called the motion to table was rejected by the following ballot:

YEAS.—Messrs. Bowman, Eagles, French, Gilbert, Hayes, Hodgin, Justus, of Henderson, Moore, of Chowan, Morris, Simonds, West—yeas 11.

NAYS.—Messrs. Argo, Armstrong, Ashworth, Banner, Barnett, Barnes, Blair, Carson, Carey, Cherry, Clayton, Crawford, Davis, Davidson, Dixon, Durham, Ellis, Forkner, Foster, Gatling, Gibson, Graham, Green, Grier, Harris, of Wake, Hicks, High, Hinnant, Hodnett, Hoffman, Horney, Ingram, Jarvis, Kelly, of Davie, Kelly, of Moore, Kinney, Leary, Long, of Chatham, Malone, Mayo, McCanless, McMillan, Mendenhall, Moring, Nicholson, Painter, Pearson, Pou, Renfrow, Robinson, Reynolds, Shaver, Siegrist, Sinclair, Smith, of Alleghany, Smith, of Martin, Smith, of Wayne, Snipes, Stanton, Stilley, Sykes, Thompson, Vestal, Welch, White, Whitley, Wilkie, Williams, of Harnett, Wilson—nays 70.

The question recurred upon Mr. Stilley's motion:

Mr. Dixon moved to amend by referring it to a special Committee of seven, (one from each Congressional District.)

Mr. Stilley accepted the amendment.

Harris, of Wake, col., opposed the reference at this stage, he wished the bill passed upon its second reading. He was opposed to repudiation, but in view of the *developments, unfortunate developments*, he was sorry to say, in regard to Railroad matters, he would vote for any measure looking to the relief of the tax-burdened people.

Mr. French again took the floor, and, in effect, made an argument against the bill. He favored a reference to the Finance Committee and opposed a reference to a special Committee.

Mr. Jarvis opposed any reference. The motion was only intended to delay the bill. He wished to have it passed immediately, &c.

Mr. Vest favored a reference to a special Committee.

Upon the motion to refer to a special Committee, the yeas and nays were called, and the House rejected the motion by a vote of yeas 27, nays 51.

The question recurred upon Mr. Welch's amendment.

Mr. French moved to amend the amendment, so as to include in its provisions the contractors on the Wilmington, Charlotte & Rutherford Railroad.

The original amendment being to "strike out" and "insert," Mr. Jarvis moved to divide the question to test the sense of the House whether the section should be stricken out, thus obviating the necessity of so many amendments.

Mr. Welch spoke for some time in advocacy of his amendment, and hoped the House would strike out the second section of the bill, and insert his substitute for it.

Mr. Stilley moved to print the bill with all the amendments, submit to the House to-morrow morning.

Mr. Bowman was opposed to the bill, and wished to postpone it until to-morrow and print.

Mr. Sinclair wished the bill passed as it came from the Senate, without the least delay.

Pending any definite action, the House adjourned.

CONFEDERATE DEAD.

THOMASVILLE, N. C.,

MR. EDITOR:—While in the Cemetery at Atlanta Ga. last week, I found a large number of Confederate Dead buried there.—Their graves are properly cared for and most of them plainly marked. Discovering some North Carolinians among them I took a correct list of all that I could find, which I send you for publication with the request that State papers copy it, with the hope that some one may find a friend who is yet among the "lost."

SENATE CHAMBER,
February, 16, 1870.

Mr. Editor:—I noticed in the SENTINEL of the 7th inst., that I am put down as voting against the "bill to incorporate the Trustees of the Greensboro Female College." This is true, but as the "Reporter" did not give my reason, as then given, for so voting, the vote will be misconstrued. I have voted almost uniformally against bills of this kind, and in many instances the Journal will show a single negative, my vote.

As to this bill, I told the advocates of the same, while we were discussing it, that all attempts made by them, to put me in an attitude of hostility to the cause of education, was, to say the least, unfair. I averred, moreover, that I was a friend to this and all similar bills, but with section 14, article 2, of the Constitution, and section 34, chapter 52, Revised Code, before me, neither of which had been observed, I could not vote affirmatively.

I asked the friends of the bill, to postpone it, until they had complied with the above cited, sections. But no, it must be passed then and there, in violation of the Constitution and the statute laws of the State. There was *some* evidence before the Senate, that notice had been given, but "a copy of such notice, with due proof of its having been so published," was not produced, as the law requires.

In conclusion, Mr. Editor, I desire to say, we spent more than $100,000 last session on Private bills, particularly "incorporation acts," very few of which, will ever be worth one dollar to either the State or individuals, and *all of which* were passed, in violation of the organic and State laws of North Carolina. To prevent this waste, I introduced, and passed, at the last session of the General Assembly, a bill of great length, requiring weeks of hard labor in its preparation. This is now a law, but to avoid the *personal liability* clause, which I purposely put in the bill, we are besought, day in and day out, by *pretended* capitalists, whose object is to enrich themselves at the expense of the poor and unwary.

It was not intended that schools should incorporate under that act. Hence they come to the Legislature, coming in the right way; by notice duly given, and proof of the same.

Yours, respectfully,
W. L. LOVE.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, FEBRUARY 17, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

RELIGIOUS NOTICE.—Rev. T. C. Teasdale, D. D., of Memphis, Tennessee, will preach in the Baptist Church this, Thursday, evening at 7 o'clock.

WYMAN THE WIZZARD opened at Tucker Hall, last night, as usual, with him, to a crowded house. He has lost nothing of his trickery arts since many of us used to witness his performances twenty years ago, but has rather improved by practice. He exhibits again to-night.

IMPROVEMENTS.—Speaking of buggies and carriages and the like, reminds us that our friend, N. S. Harp, Esq., whose fine buggies, phaetons, &c., took so many premiums at our State Fair, has determined to put up a larger and more commodious establishment, and to enlarge his operations to meet the orders coming in on him. He has already let the contract for the brick and wood work for a building 80 by 35 feet, and expects to get in it by the opening of summer trade.

The sale of the building lot, N. W. corner Market Square and Fayetteville street, came off yesterday, according to advertisement, and was knocked off to Mr. Thomas Jenkins, (whether for himself or some other party, we did not learn,) at $8,000. The opinion was prevalent that it would have reached a higher figure.

DAILY.—The trains now run daily from Charlotte to Lincolnton, Cherryville, &c., leaving Charlotte at 7 o'clock A. M.

IREDELL COUNTY proposes, by county and private subscriptions, to raise $75,000 to aid in rebuilding the Atlantic, Tennessee and Ohio Railroad.

ANNIVERSARY CELEBRATION.—We are indebted to Mr. J. R. Young, of Oxford, N. C., one of the Junior Orators on the occasion, for a ticket to the anniversary celebration at Hampden-Sydney College, Va., on the 22nd inst.

"If a good mule is worth $225 how long will it take 'the committee of three' to make their report?"—*Standard*.

If a good mule is worth $225, how far does a darky fall short of the "exemption" who has a claim for one of those animals and 40 acres of land? Cypher that out by the time Pike returns, or at least before Littlefield gets here.

GONE WHERE THE HONEYSUCKLE AND WOODBINE TWINETH.—The *Standard* informs its multitudinous readers, that the editor is absent from the city, and that consequently, the usual overflow of editorial will run weak until his return.

From the paragraph, we should have supposed that the editor had taken a short pleasure trip in the country; gone a-fishing or a-fox hunting, or perchance, to a wedding, or something of the sort; but we learn he has actually gone to New York.—Now, suppose Pike don't come back again—then who will supply and exhaust the castalian fount? Can Wes. manage the machine as chief engineer? or will there be another editor imported? We presume Pike has gone to look for Littlefield.—Well, we hope he'll be more fortunate in his search than the investigating committee has been.

INTERESTING RELIC.—We saw yesterday an interesting relic, being a cane made from a piece of timber of the old U. S. ship, Alliance, once commanded by Captain Paul Jones. This cane was presented by Theodore S. Garnett, Esq., of Virginia, to William Eaton, Esq., deceased, late of Warren county in this State, in 1848, and is now in the possession of Wm. Eaton, Esq., of Warrenton. The cane is of oak, nicely polished, and has a gold head, on which are engraved the names of Mr. Garnett and Mr. Eaton, date, &c.

Sometime during the year 1863—date unknown, a Confederate soldier died at "Fair View" Hospital, at Lexington Va. His name was Wm. H. Waters. He belonged to Co. B, 34th North Carolina regiment.

This soldier had in his possession when he died, a fine Gold Hunting Case Watch, attached to a fine gold chain—the Watch and chain was supposed to be worth not less than $150 in gold; these articles were turned over to the Hospital Quartermaster, and should have been forwarded to the young man's widowed mother—according to his dying request, but this was not done. The writer of this note, who was the Surgeon in charge of the Ward in which young Waters died—recently learned where this watch is. The mother of this young man if alive, or her heirs, should claim this watch. The chain is missing, perhaps lost. A letter addressed to Col. Wm. McGlaughlin or C. M. Dodd, Esq., ex-Clerk of Fairview Hospital, Lexington Va., for further information on this subject, will be attended to.

Will not the Raleigh papers and the North Carolina papers generally publish this notice to enable the widowed mother to get possession of her dead boy's watch.

FRESCO PAINTING.—The attention of the citizens of Raleigh is called to the fact that Messrs. Lankau and Krueger, Fresco Painters, of Baltimore, are now in the city, engaged in frescoing the new market hall, and that a rare opportunity is now offered those who wish to avail themselves of it, of having their Churches, parlors, libraries, etc., painted in the highest style of art.

Ladies and gentlemen are respectfully invited to visit the Market Hall, where the undersigned may be seen, and examine a specimen of their art.

Respectfully,
LANKAU & KRUEGER.

SUPREME COURT.

[Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court]

Wednesday, Feb. 16.—Court met at the usual hour, all the Justices present on the Bench.

The following gentlemen of the Bar were in attendance upon the Court, viz: Messrs. Moore, Bragg, Fowle, Haywood, Phillips, Merrimon, Batchelor, A. M. Lewis, George Howard, R. C. Badger, Plummer and Geo. H. Snow.

The case of Holleman *vs.* Skinner, from Wake, was called. In the opening of the case, the Court sprung the question, whether the Supreme Court had jurisdiction. After a short debate the counsel on both sides participating, the Court decided that the case was improperly before this Court, and stated that the rules of practice governing such cases would be announced to-morrow. Haywood appeared for the plaintiff, and Moore and Fowle for defendant.

The case of John O'Rourke *vs.* Skinner, involving the same point, was disposed of in the same manner. Rogers & Batchelor, Phillips & Battle, for plaintiff—Moore for defendant.

Laws *vs.* Ryeroft, Wake, argued. Batchelor for plaintiff. Phillips, and R. H. Battle for defendant.

Joseph T. Backalan *vs.* Milton S. Littlefield, from Wake, Argued: Mason for plaintiff; Phillips and Merrimon for defendant. In this case, the plaintiff sues for $4,000, the value of liquors, cigars, &c. furnished the defendant (for the use of the Legislature.)

Thomas *vs.* Norris, Wake, argued by Fowle for the defendant. The argument will be concluded to morrow by Phillips, A. M. Lewis and R. H. Battle, for the plaintiff and Haywood for defendant.

Court adjourned at 1 P. M.

For the Sentinel.
HALIFAX Co. Feb. 9th 1870.

MR. EDITOR:—Will you be good enough to publish the annexed memorial to the Legislature on the subject of a *stock* and *fence law*, which was drawn up by direction of the Agricultural Society in this County, and if not inconsistent with your views, a few favoring remarks would no doubt aid the cause. The law is one very much needed, certainly in the Eastern portion of the State, where the stock are few, the farms large, and the fences numerous, and burdensome. We trust the Legislature will pass a *general* law regulating the matter over the State, but if (as has been hinted,) it leaves the decision of the question to the vote of Counties or Townships, then, as suggested by the Reconstructed Farmer, it should attach a qualification as to voters; for it would seem to be both idle and unjust, to leave the decision of a matter of such great importance, to the "promiscuous voice" of those who have no interest, care, or responsibility, directly or indirectly in the matter. We would suggest if they do pass such a law, that they provide, that only those be allowed to vote upon it who own land or stock. But it is best that the law be mandatory and general, and in accordance with the spirit of the times, the wants of the country, the change in the system of labor, and the new improved methods of farming.

Most truly Yours,
MANY FARMERS.

To the Honorable the Legislature of North Carolina.

The undersigned citizens of Halifax county respectfully represent to your honorable body that the laws at present in force with regard to Stock and Fences are injurious to the true interests of the State and people, are a heavy burden upon the agriculturist, act with great inequality upon different classes of citizens, discriminating in favor of the large stock raiser to the detriment of the small farmer and grain producer, are inimical to the progressive spirit of the age, to the advancement of improved stock and to the productive wealth and prosperity of the State, besides being an additional onerous tax to that already borne by the people.

Your memorialists believe, and do so assure your honorable body, that the cost of fencing the cultivated lands in Halifax county, so as to protect the crops from the incursions of free ranging and out lying stock, is equal to one-half the value of the lands enclosed and to the full value of stock so ranging at large; so that if the present laws were abrogated, and others passed requiring that the *stock* rather than the crops be fenced in, the cost of making and repairing the fences now necessary and required, might be applied to the cultivation of larger areas of land, to the greater improvement of those already under cultivation, or to the purchase and breeding of better stock, and by so much increase the wealth, and improve the agriculture and stock of the State.

Your memorialists further represent to your honorable body that the agricultural products of the county, and they believe of the State, are as compared in value with the stock as twenty to one; and yet the interest of the twenty parts is made under the laws at present in force to succumb to and be taxed for the questionable benefit of the one.

Your memorialists further represent unto your honorable body that the proportion of the population of the county, and they believe of the State, interested in agriculture, as compared with those interested in stock, is as fifty to one—and yet, under the existing laws, the property and interests of this fifty are sacrificed to the doubtful advantage of the one.

And your memorialists further shew unto your honorable body, that in those States and countries where improved systems of agriculture prevail, and where the breeding of improved stock is the practice, the first desire on the part of the people, and first step taken in encouragement on the part of State, is the passage of laws such as those herein asked for.

Wherefore, your petitioners humbly pray your honorable body to take the foregoing matters into consideration, and pass such laws as may to your honorable body seem just and meet in the premises, and to the relief of your petitioners and your petitioners will ever pray, etc.

WELL DONE FOR THE OLD NORTH STATE.—It gives us pleasure to state that our young friend George T. Winston, of Bertie, a Midshipman at the Naval Academy, was awarded the highest honor in his class at the recent examination.

It does us good to see our North Carolina boys making their mark in the Academies and Colleges wherever they go; it shows that there is life in the old land yet, and that we shall have worthy representatives of our State's name and honor in the time to come.

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Hoarseness. None so pleasant, none cure so quick.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair-coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

MEDICAL.

HENRY'S
CARBOLIC
CONSTITUTION RENOVATOR,
OR
BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF
SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both became infected alike. Men, women and children throughout all the West, are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,
A Rosy Glow to the Check,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE
KIDNEYS, RETENTION OF THE URINE, &c.
And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

DR. E. BURKE HAYWOOD,	Examining Physician.
Gen'l. S. B. BUCKNER,	Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular p a s and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,43
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
